The Tech

VOL. XXV. No. 28. BOSTON, MASS., WEDNESDAY, NOVEMBER 29, 1905 PRICE THREE CENTS.

ANNUAL CROSS COUNTRY RACE

To be Held Over West Roxbury Course Next Saturday.

The fourth Annual Handicap Race of the Cross Country Association is to be held next Saturday over the West Roxbury course. The start and the finish will be at the corner of Bellevue and Rutledge streets, in West Roxbury. The first man will be started at 2.30 P.M., and as the present record for the course, made last year by E. H. Lorenz, '05, is forty-six minutes and fifty seconds, the winner will finish about 3.30 P.M.

Prize cups are to be given to those finishing in the first, second and third places, and also to the man covering the course in the shortest time, regardless of handicap.

On Friday afternoon the men will be given a last chance to jog over the course. They will go down at the usual time, 1.40 P.M.

The management asks that a large number of men come out to see the race, and spur the contestants on to their best efforts. Most of the men will leave the Back Bay Station at 1.40 P.M. The lowest rate for the round-trip, 20 cents, can be secured by getting tickets from the manager at the station, just before the train leaves.

The management of the Cross Country Association has decided to accept entries until Friday evening, and announces the following entries to date: D. Adams, '06; L. Allen, '07; A. O. Christiansen, '07; E. S. Campbell, '06; P. J. Clapp, '06; C. S. Clapp, '08; C. A. Howard, '06; C. A. Johnson, '09; C. B. Morey, '06; S. P. Newton, '06; G. H. Ruggles, '06; M. Terry, '09; and W. R. Tompson, '07.

LOWELL INSTITUTE LECTURE.

The Fifth Course of the Lowell Institute lectures began last night in Huntington Hall, at 8 P.M. This Course is being given by H. Morse Stephens, M. A., on the subject, "The Enlightened Despotism of the Eighteenth Century in Europe." Last night about 200 people heard Mr. Stephens' lecture on "The Period and Its Characteristics." The next subject to be taken up is "Frederick the Great of Prussia." This lecture comes on December 1, and the rest of the Course comes on the following Tuesdays and Fridays.

Mr. Stephens is a graduate of Oxford University and held a professorship at the University of California for some time. He is an authority on European History, and delivered a Lowell Institute Course here in 1900.

TECH BUILDING RESTRICTED.

Technology is kept forever from erecting any building to cover more than one-third of the square occupied by it and the Historical Society, the full bench of the Supreme Court denying the motion of the Institute in the suits brought by Cecil P. Wilson and Mary I. Wells to modify the rescript sent down on Sept. 6.

CANDIDATES FOR GRADUATION

Must Make up Deficencies in Modern Languages.

Students who entered the Institute before 1903, but do not expect to become candidates for graduation until 1907 or later, will be expected in general to fulfill the same requirements as regular students who entered with the class of 1907. This refers particularly to new work introduced into the third year in connection with the increased entrance requirements in modern languages. Such students are, accordingly, advised to compare their schedules of work completed with the new course schemes with a view to determining and making up deficiencies. The several administrative officers may be consulted in case of doubt as to the interpretation of this requirement.

The above requirement does not apply to students who are now registered as in the third year of the regular course.

GIFT OF MINERAL COLLECTION.

Through the generosity of Dr. H. W. Newhall of Lynn, Mass., the Institute has recently come into possession of a number of interesting and valuable mineral specimens, which recently formed a part of a collection made a number of years ago by Dr. Newhall, father of the present donor. Among the specimens deserving special mention is a fine group of stibnite crystals, antimony trisulphide, from the famous locality on the Island of Shikoku, Japan, also several excellent pieces of mimitite, a rare arsenate of lead, from England. The gift also included a number of specimens which will be useful additions to the collections devoted to the practical determinative work in mineralogy.

ARRANGE FOR SENIOR DINNER.

The Senior Board of Directors arranged for the class dinner, at a meeting held Tuesday at 4 P.M. in 34 Rogers. The dinner will be held on Friday, Dec. 15. The following committee of three was appointed for the dinner: S. C. Coey, H. L. Williams and L. F. Mesmer. This committee is to have charge of all details of the dinner.

CIVIL ENGINEERING SOCIETY.

The regular meeting of the Civil Engineering Society will be held Friday, Dec. 1, at 4.15 P.M., in 11 Eng. B. The speaker will be Mr. William P. Gerhard, who will speak on "Some Water Supply Problems." A full attendance is desired.

Mr. Gerhard is a prominent consulting engineer of New York City, and is an authority on questions of water supply sanitation as well as the author of a number of works upon kindred subjects. Members of other that the Civil Fngineering courses are invited to be present.

WINTER CONCERT AND DANCE

Annual Affair of Musical Clubs to be Given December 20.

The Annual Winter Concert and Dance of the Musical Clubs to be held Wednesday, December 20, in the New Century Building, 177 Huntington Ave., is an affair given by Tech men for Tech Men and their friends. The clubs rent the floor and the balcony of the auditorium, which has a seating capacity of 800, for the concert, and the large hall on the next floor above for the dance.

No expense is spared in the arrangements for the evening, the halls are decorated, a check-room provided, and refreshments served without cost. The clubs are in the best of condition this year and everything looks bright for one of the most enjoyable Winter Concerts ever given.

Men from every class are in the clubs, and the evening is one all students can ill afford to miss. All seats are reserved and the price is within the reach of everyone. The floor seats at $1.00, the ticket admitting the holder to both concert and dance, while the entire balcony at 50 cents admits to the concert.

Tickets are now on sale by the members of the clubs. These tickets will be exchanged for the regular reserved seat ticket in Rogers corridor, on and after Monday, December 18. Holders of these tickets will be given the preference in the choice of seats.

MUSICAL CLUBS' CONCERT.

The third of the Musical Club's concerts was given before the Young Men's Catholic Association last evening in Boston College Hall, 41 East Newton street. All of the clubs showed marked improvement and elicited much applause. The readings by Miss Walter and the solos by W. B. Jenkins, '09, and A. H. Thompson, '08, were especially appreciated.

The program was as follows:

"Winter Song"
Frederick Field Bullard, '87
GLEE CLUB.

"In Society" — Wheeler
MANDOLIN CLUB.

Reading — Selected
MISS MARIE A. WALTER.

Medley — arr. by Lansing
BANJO CLUB.

Solo — Selected
MR. WILLIAM B. JENKINS, '09.

"A Bashful Bachelor" — Ritchie
MANDOLIN CLUB.

'Cello Solo — Selected
MR. ABBOTT H. THOMPSON, '09.

"Troubadour" — Powell
BANJO CLUB.

Reading — Selected
MISS MARIE A. WALTER.

"Moonlight" — Moret
MANDOLIN CLUB.

"In a Gondola" — Linders
GLEE CLUB.

CALENDAR.

WEDNESDAY, NOVEMBER 29.

1.00 P.M. Sophomore Class Meeting in Huntington Hall.

1.30 P.M. Sophomore Football Picture taken at Chickering's.

THURSDAY, NOVEMBER 30.

The Exercises of the Institute will be suspended.

8.00 P.M. Lowell Institute Lecture in Huntington Hall.

FRIDAY, DECEMBER 1.

4.00 P.M. Y. M. C. A. Weekly Meeting in 11 Pierce.

4.15 P.M. Civil Engineering Society Meeting in 11 Eng. B.

8.00 P.M. Lowell Institute Lecture in Huntington Hall.

SATURDAY, DECEMBER 2.

2.30 P.M. Annual Handicap Cross Country Race.

FACULTY NOTICES.

SECOND YEAR. — Mr. Passano's lecture in Calculus will be given in 23 Walker on and after Saturday, December 2.

FOURTH YEAR. — On and after Saturday, December 2, the exercises in Metallurgy of Iron will be in 23 Walker.

FOURTH YEAR. There will be an examination in Surveying (304) for Course VI, in 50 Eng. A, on Monday, December 4, at 2 o'clock.

FOURTH YEAR. There will be an examination in Dynamics of Machines on Saturday, December 9, at 2 P.M. in 20 Eng. A.

MECHANISM.—Today Courses VI_2 and X will meet in 11 Eng. B at 9 A.M.; Course VI_3 in 22 Eng. A at 10 A.M.; Course V_1, Third Year, in 22 Eng. A at 11 A.M.; on Friday, December 1, Mechanism VI_1 will meet at 9 A.M. in 22 Eng. A.

NOTICES.

1906.—Senior Class meeting on Monday at 1 P.M. in Huntington Hall.

KOMMERS. — The first Kommers dinner will be held Saturday, Dec. 9, at the Tech Union.

Y.M.C.A. MEETING.—This week's meeting of the Y. M. C. A. will be held in 11 Pierce, on Friday afternoon, at 4 P.M., instead of on Thursday noon as originally announced.

1908.— There will be a meeting of the Sophomore Class in Huntington Hall today at 1 P.M. There are two or three matters to be settled at once, and every Sophomore should be present.

SOPHOMORES.— A large number of Sophomores have not yet paid their class dues. These dues must be paid at once or the names of these men will be printed in a future issue of THE TECH.

The Tech

Published every Monday, Wednesday and Friday during the college year (from September to June), by students of the Massachusetts Institute of Technology.

Entered as second-class matter October 6, 1904, at the post office at Boston, Mass., under the Act of Congress of March 3, 1879.

WILLIAM A. NICHOLS, PRINTER, 208 SUMMER ST., REAR

Merry Thanksgiving day to everybody. Let's forget that such things as Applied, Physics, Freshman Chemistry exist, and concern ourselves with turkey and mince pie.

THE TECH calls attention to the fact that there will be no issue next Friday, owing to the Thanksgiving recess.

Enthusiasm Lacking.

Class fencing has not aroused much enthusiasm among the freshmen. Only one man is trying for the team. This fact is to be regretted, for last year a class fencing team was formed by 1908 and had a very successful season, not being defeated. The experience gained on a class team is the best possible preparation for the varsity, and it is from class team men that the varsity must draw its material. It is to be hoped that this branch of our athletics will receive its deserved support from all classes, so that we may have some interesting interclass matches this winter.

The Kommers.

The first of the Technology Kommers will be held at the Union on Saturday evening, December 9. At no other institution in America can students gather in a college building and enjoy such unrestrained, care-free, informal times, as Tech men do at the Union. In this respect the Kommers are entirely unique, and are distinct Technology affairs. The pressure of work at the Institute prevents students from enjoying the benefits and pleasures of social gatherings such as are usually derived from a four years' course at college. The number at Technology who have the opportunity to meet their fellow-students, and even their class-mates, is comparatively small. Class organizations, the Musical Clubs, the Fraternities, the Social Societies, Athletics, and to a small extent the Professional Societies, furnish somewhat limited means to a few; and the Kommers is maintained, so that the members of all branches of student activities may be able to meet one another. Thus men whose works differ widely may become warm friends.

Last year each class took charge of the Kommers for one Saturday evening, and provided entertainment for any visitors. Keen rivalry was shown by all the classes in providing their special "stunts," and the success of the class nights was even greater than had been anticipated. It only remains that every one do his part and this Technology custom will continue to flourish. The best time to start going is the first Kommers, and the Union should be full on the evening of December 9.

THE INSTRUCTORS' CLUB DINNER.

The program of the Instructors' Club dinner at the Union, Tuesday evening, included an illustrated talk by Mr. H. K. Barrows, '95. The description which he gave of the hydrographic investigations in New England was rendered of greater interest through Mr. Barrows' personal connection with them, since he is one of the men chosen from the United States Geological Survey to inquire into the subject.

AT THE THEATRES.

Castle Square Theatre.

Of all the plays made from books during the past quarter century, "The Prisoner of Zenda" is undoubtedly the most popular. It is now some ten years since E. H. Sothern first appeared as the manly Englishman and his princely double, and the play during that period has been almost constantly before the public. At the Castle Square this week it will be handsomely staged with attractive scenery and costumes, and its lengthy list of dramatic personae will necessitate the engagement of many extra players in addition to the regular stock company. The dual role of Rudolf Rassendyl and the prince will be played by John Craig, and as the Princess Flavia, Lillian Kemble may be expected to give one of her most charming impersonations.

Tremont Theatre.

"The County Chairman," George Ade's clever pictorial comedy, which has but one week to run at the Tremont Theatre, has come into its own as a genuine American play. Its seasons have been marked by crowded houses, which welcomed with hearty laughter the many clever and witty sayings, droll situations and humorous episodes which George Ade has cleverly framed together under the above title. No play has been so widely discussed for many a season, and its entertaining features need no bell-ringer to advertise it. It is a matter of regret to a vast number of playgoers in Boston and vicinity that the present engagement is so brief.

READINGS BY PROFESSOR SWAIN.

Professor Swain has announced that he will give a series of readings from standard authors on Wednesday afternoons from 4 to 5 o'clock, in 6 Lowell, beginning December 5. This course has been arranged by Professor Swain in order to interest the men in good books and good reading and men taking Civil or Sanitary Engineering are invited.

The condition of Captain Dan Hurley of the Harvard eleven was so much improved yesterday that he was allowed to dress and take a little exercise in the City Hospital grounds. In the official bulletin issued yesterday Drs. Nichols and Bullard say he will probably be in shape to leave the hospital on Saturday.

NEW TECH LUNCH ROOM.

Through the efforts of Mr. Rand and Mr. Derby a new lunch room for Tech men will be started at the Tech Union probably next Monday. The great need of a place where students can get a cheap and wholesome combination lunch has long been felt and such a place will now be provided. The plan is to have hot and cold lunches with desserts for fifteen or twenty cents.
